

A claim needs somewhere to stand

Year 6 student investigation

Which passage supports each part of your claim?

My prediction

I think this will happen because

Two fair tests

What I changed	What I kept	What happened

My new case

Author three claims and attach exact passages. Include a number, a condition and an unsupported assertion.

Explain and question

My evidence supports this claim. A case that could change my mind is

Use fictional data. Download your project before changing devices. On shared devices, turn remembering off and clear your work when finished.
